

Darren Berg
Chief Executive Officer
Meridian Transportation Resources, LLC

Darren Berg founded Meridian Transportation Resources, LLC ("MTR Western") in 2003. MTR Western owns and operates the largest all-premium fleet of motorcoaches in North America. In addition to the Seattle Seahawks and the Seattle Mariners, MTR Western services virtually every visiting NFL and MLB team as well as most visiting college teams.

Prior to MTR Western, Mr. Berg founded Meridian Partnership Management, Inc. ("MPM") in 1991 and continues to actively serve as its President and Chief Executive Officer. MPM's client list - for whom MPM manages the initiation, acquisition, processing, underwriting, closing, servicing and disposition of real estate secured mortgages - includes federally insured banks, trusts, ERISA-qualified pension and profit sharing plans, privately-placed mortgage investment funds, REMIC's, and a wide array of private investors.

In addition to MTR Western and MPM, Mr. Berg also owns Meridian-Greenfield, LLC, an environmentally responsible "Built Green" homebuilder with developments throughout the Puget Sound region. Mr. Berg is a graduate of the University of Oregon.
