

Katherine (Kathy) M. Lombardo

Senior Vice President, CH2M HILL

Since 1998, Ms. Lombardo has been Senior VP for CH2M HILL, a global infrastructure and project delivery firm. As CH2M HILL 's Northwest Regional Manager until April 2007, Ms. Lombardo was responsible for the integration of services and overall financial performance of the firm's business across the NW Region, comprising 1800 staff and projects totaling \$250M with in offices in Washington, Oregon, Idaho, Alaska, Montana and Hawaii. During her tenure she expanded services into emerging markets such as, life sciences, oil and gas, management and information technology consulting services, and she also significantly advanced the firm's transportation business.

Since April 2007, Ms. Lombardo has continued to work part-time for CH2M HILL on the Roads & Transit Ballot Initiative and preparing for the Seattle Chamber Leadership Conference (of which she is co-chair). She is overseeing the construction of a new home and spending quality time with her parents while they transition into the latter part of life.

Ms. Lombardo's leadership has extended beyond CH2M HILL and into the local community. She is actively engaged in working with local, regional and Washington state business, community, and political leaders in helping drive economic growth strategies across the state. To that end Ms. Lombardo serves on the Greater Seattle Chamber of Commerce where she has been a trustee since 1998. In 2006 she joined the Boards of the Seattle Biomedical Research Institute and Cascade Bank. She is also on the Board of Visitors for the University of Washington Medical School and has served as Chair of Leadership Tomorrow and the Bellevue Chamber in 2004 and 2005, respectively. In 2005, the *Puget Sound Business Journal* named Ms. Lombardo one of 20 "Women of Influence". In addition to these organizations, Ms. Lombardo and her husband Fred Wright are also avid members of Team Seattle, raising funds for Children's Hospital.

Prior to joining CH2M HILL in 1989, Ms. Lombardo worked as a program manager and project geologist with Dames & Moore, conducting multi-disciplinary site investigations. Ms. Lombardo also worked for Los Alamos Laboratories in New Mexico and the US Geological Survey in Seattle. She has a B.S. degree in geology and a B.A. degree in Art History from the University of Washington. She and her husband Fred Wright live in Sammamish and have four stepdaughters.
